To All Johnson Service Group Employees:

We here at JSG have always been concerned about safety. We believe in Safety First, Safety Always.

Working safely is a condition of employment and each employee is responsible for their safety.

SAFE WORK is GREAT WORK.

JSG is committed to an "incident free" work environment. Our goal of ZERO incidents can only be achieved by the success of our employees' safe work habits...it depends on YOU!

Each employee is expected to observe safety rules, practices and procedures and to exercise caution in all work activities. Employees must immediately report any unsafe condition to the appropriate supervisor.

If an incident occurs, we have an immediate response plan that enables the employees to receive the necessary medical attention they need, gets them back to work in a timely manner and proactively manages the claim.

INFORMATION FOR REPORTING ANY INCIDENT
